

Dual operation of “Logis - Tech Tokyo” and “Logis - Tech Tokyo INNOVATION EXPO”

The exhibition where you can learn the latest logistics and **find the solutions.**

“Logis-Tech Tokyo” was established in FY 1994.

It continued to expand and grow as one of the largest specialized exhibitions in Asia, and was held once every two years.

In response to requests from visitors and exhibitors, the “Logis-Tech Tokyo INNOVATION EXPO” was born in FY 2019.

We hold “Logis-Tech Tokyo” in even-numbered years and “Logis-Tech Tokyo INNOVATION EXPO” in odd-numbered years.
